

Specialty Whiskey Making at its Best!

In the Michter's tradition hailing from America's first whiskey distilling company, our very limited release of 25 Year-Old Single Barrel Rye and 25 Year-Old Single Barrel Bourbon are made from the highest quality grains and aged for 25 years in fire-charred, new American white oak barrels until the respective whiskeys meet our exceptional quality standards. It is then further mellowed by our signature filtration. Michter's warmed General Washington's troops at Valley Forge and continues to warm whiskey lovers today.
